NOTES:

1. Where dates of play of Club and representative matches coincide, precedence will be given to representative matches. The Games Director will re-schedule any Club matches so affected and advise the players.
2. Ladies Singles and Pairs are scheduled for the same dates as Mens events. Ladies may change dates by advising the Games Director.
3. This schedule leaves little room for delays arising from weather or “pandemics”. Updates will be issued if and when required.
4. Players are referred to updated Conditions of Play and advised that where viable alternative dates for called games cannot be accommodated, play will be on the basis of play, substitute or forfeit. Please consider your availability to play on these scheduled dates carefully before entering any competition.

30 December 2023

Mark Lewis
Games Director
